

RIO+20: WHAT AMBITION FOR THE ENVIRONMENT?

Third worldwide conference of environmental law NGO and lawyers

**Limoges (FRANCE), September 29-30th,
October 1st of 2011**

**Faculté de Droit et des Sciences Économiques de Limoges
5 rue Félix Éboué – 87000 Limoges
Amphithéâtre 400 C**

Our objective is to elaborate legal recommendations carrying environmental protection and to make them take into account by the Conference of Rio + 20 in June 2012.

Law is an essential instrument to treat the two topics of Rio: "green economy" and "the institutional framework of sustainable development".

We want to contribute to make progress the environmental law, to reinforce its application and to conclude new conventions.

The collective emulation of this 3rd worldwide meeting must precede that of next Conference of Rio: an ambition with the service of living and humanity.

Under the patronage of :

- UNESCO
- European association of environmental law (EAEL),
- Commission on environmental law, International Union for Conservation of Nature (IUCN),
- European Council on Environmental Law (CEDE),
- French Society for Environmental Law (SFDE), (France),

With the support of :

- French Ministry for Ecology, Sustainable development, Transport and Housing, (France),
- General Delegation for the French Language and the Languages of France,
- Pace University (New York),
- Foundation Getulio-Vargas (Brazil),
- Brazil-American Institute for Law and Environment
- Energy and Environment Institute of the Francophonie (Canada),
- French embassy in Brazil, in Ukraine, in the United-States and in Ivory Coast,
- Regional county of Limousin, (France),
- The George Washington University Law School, (United-States),

Simultaneous translation: French and English ONLY THE 29-30th September 2011
